Wireshark Lab 4 - IP

IT 520-A – Enterprise Infrastructure & Networks
Due Date: February 20th, 2018 (Handed in at the beginning of class)

Instructions:
- Follow the instructions in Lab 2 and expand the IP detail section.
- Pay attention to the text in bold. I expect you to explain?

Questions:
(*For each of these questions, take a screenshot of Wireshark, and attach it to your answer*).

1. What is the IP address of your computer?
2. What is the total length of the datagram?
3. Has this IP datagram been fragmented?
4. How many bytes are in the IP header?
5. How many bytes are in the payload *of the IP datagram*? **Explain how you determined the number of payload bytes.**
